Old Business:

1. Huron Creek – Site Plan extension request

Supervisor Walls noted this is a request from Albert Weine and Sons for another extension of the Huron Creek Special Land Use and Site Plan approval. The Site Plan and Special Land Use were originally reviewed in 2004 through 2006 and approved. The economy however took a downturn and the property was never developed. The property is on Schaefer Road on the southeast corner of Big Lake. Per ordinance, Supervisor Walls requested a letter from Mr. Weine asking why the extension is necessary and to provide confirmation of the ability to complete construction in conformity with the approved Site Plan as directed by the Township Board when extension was granted last year. Mr. Weine

did supply a letter of his intent to continue to try and sell the property however he indicated is not a developer and therefore cannot provide the latter part of the extension request.

Clerk Moreau commented that although Mr. Weine's letter is missing verification of intent and ability to construct he has given an indication that he is actively marketing the property in order to move ahead with the approved Site Plan. Assuming there is a buyer out there, this is still a good and viable plan. To her knowledge Township ordinance does not specifically say the Board can not offer another extension and having an approved Site Plan and Special Land Use would add value to marketing the property. She added she does not see a negative to the Township of this property sitting in its current condition and to wait and see if there is a potential buyer as the Board was approached by a couple last month interested in purchasing the property for residential use. She was not in favor however of granting another year's extension on the condo project if the potential buyers are planning to vacate that particular development.

Treasurer Dubre concurred; she did not have a problem waiting another month regarding the decision on the extension given the interest in the property that was expressed at last month's meeting.

Trustee Hensler also commented she was willing to wait another month but would also be in favor of granting the extension - Mr. Weine stated it is his intension to sell the property and it would hamper his ability to market it if the Site Plan were to go away.

Trustee Hooper noted nothing has changed in the ordinance that would prohibit Mr. Weine from re-submitting an extension request except the cost; it is still a viable plan and he is not a builder so can not provide anything more than his intent to sell.

It was Trustee Vallad's opinion not to grant the extension but said he is willing to wait another month; the current extension doesn't expire until then anyway.

Trustee Cooper said he could also wait until next month; if the Board doesn't need to extend it for another year, then why do so.

- * **Clerk Moreau moved to table the Site Plan and Special Land Use approval extension request by Mr. Weine for the Huron Creek Development to the March 13, 2014 regular Board meeting. Trustee Cooper supported the motion. Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau, Vallad, and Walls; No: None; Absent: None. The motion carried by a 7 to 0 vote.**

New Business:

1. Civic Center Cost Allocation and Civic Center Letter of Agreement with Library

Supervisor Walls suggested the Board discuss the Letter of Agreement first.

He noted he worked with a committee of the Library Board to come up with a draft of the Agreement which was in the Board packets and thanked the Library for initiating this discussion and working diligently on the agreement. He commented, however, this draft has not been reviewed or approved by the Library Board as of yet. The Agreement was put together to provide background on the long standing working relationship between the Township and the Library and to place informal understandings and agreements into a formal written agreement.

The Township Board discussed at length bullet point 4 of the agreement which addresses and tries to set a policy for the replacement or repair of major building components that exceed \$30,000; the Township's Civic Center Capital Outlay fund would then be used if available. The \$30,000 figure was chosen as a starting point for discussion. There was also a list in the agreement of what possible major expenses this would include. One of the concerns was if the maximum amount (in this instance, \$30,000) be for one major expense or would it relate to a combination of major expenses in a year's time. It was understood there should be a conversation between the two Boards regarding this concern either written into the agreement or discussed during one of the regular meetings as noted in the agreement.

There was also discussion by the Township Board about the regular meetings noted in the agreement which are to take place at least twice a year. It was suggested specific times be included in the agreement. It was recommended that one be held sometime in June no later than July so budgetary concerns and the other held sometime during the fourth quarter. Mr. Vallad suggested verbiage to add to bullet point 2 at the end of the paragraph - "These meetings will take place at least twice a year during second and fourth quarter with special meetings called as necessary."

There were no other revision suggestions from the Township Board.

- * **Trustee Hensler moved to approve the Civic Center Letter of Agreement between the Springfield Township Library Board and the Springfield Township Board designating the time of the two regular meetings (during the second and fourth quarter of the year) and subject to the Springfield Township Library Board's approval. Clerk Moreau supported the motion.**

Laura Moreau, Clerk

Ruth Gruber, Library Board Trustee, commented they have been extremely responsible with their budget over the years and have not had to come to the Township regularly to ask for money; they have lived within their budget constraints and budgeted accordingly. She said they are ok with assuming a percentage of the building's costs. She asked that it be added back into the agreement that all groups currently occupying the building pay for their space by assuming a percentage of the building's costs based on square footage, any future tenant should also be expected to abide by this policy; she was asking for equity for all entities using this building.

Supervisor Walls noted that he has offered that one or more Township Board members could come to a Library Board meeting to discuss that issue or any other issues that the Library Board has. When and if they would like to do that, Supervisor Walls asked that they let him know.

*** Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau, Vallad, and Walls; No: None; Absent: None. The motion carried by a 7 to 0 vote.**

Regarding Civic Center Cost Allocation - Supervisor Walls noted it was more complicated calculating allocation costs this year because he only had 6 months of total figures to work with. This was due to the library's portion being split with each invoice starting July 1, 2013 rather than being billed quarterly. Supervisor Walls also provided a memo dated February 7, 2014 which gave a breakdown per department for each type of expenditure included in operational expenses.

Supervisor Walls is recommending an increase in rent for the Building Department fund from \$300 per month to \$500 per month. He noted this is because the Building Department is now occupying the space that was used by Parks & Rec which is larger. He informed the public who may not have been aware that an outside source, Code Enforcement Services, handles the Township's Building Department. Supervisor Walls is also recommending an increase to the Cable Fund rent charge from \$273.50 to \$300 per month.

Clerk Moreau noted for the public that the Building Department fund had not always been charged for space and that it formally occupied the large space that Parks & Rec is in now. Supervisor Walls said the Board needs to keep in mind when looking at these costs where the departments may have been located last year.

Treasurer Dubre asked to make the effective dates for both new rent charges retroactive to January 1, 2014 which will make looking at allocation costs easier by having a full year to look at.

- * **Treasurer Dubre moved to increase the rent for the Building Department fund from \$300.00 per month to \$500.00 per month retroactively to January 1, 2014 and to increase the Cable Fund charge for rent from \$273.50 to \$300.00 per month also retroactively to January 1, 2014. Trustee Vallad supported the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau, Vallad, and Walls; No: None; Absent: None. The motion carried by a 7 to 0 vote.**

2. Liquor License Annual Review

Clerk Moreau commented this is the first time since Chapter 4 of the Code of Ordinance was amended that this review is being formally presented to the Board. She noted she is not recommending any action on any of these licenses, that they be renewed but wanted to bring it before the Board in case members wanted to talk about it or request anything else. Next year this could put on the Consent Agenda if that is ok with the Board as long as there isn't anything that needs additional action.

Clerk Moreau explained that if there is a concern with a licensee, they have to be notified by March 30th that they will need to appear before the Township Board regarding their renewal.

Supervisor Walls noted these liquor license renewals are for on-premise bars and restaurants only.

Clerk Moreau added the Township is allowed 9 licenses based on its population and 7 have been issued.

Board members agreed that next year the review can be put on the consent agenda unless there are concerns; that would be sometime in February.

No action was needed.

3. Fire Department – Compensation report and Chief retirement

Supervisor Walls asked to discuss the Fire Chief's retirement first. The Township has received communication from Fire Chief Oaks dated January 21, 2014 of his intention to retire, his last day will be May 31, 2014.

It was Supervisor Walls intention at this time to begin discussion as to the process for replacing the fire chief before dealing with Fire Chief Oaks' report regarding assistant chief, paid per call benefits, etc. The Board agreed.

Minutes of **REGULAR MEETING**
Held **FEBRUARY 13, 2014**

Township of Springfield

Laura Moreau, Clerk

Supervisor Walls read into the minutes a brief statement he prepared in response to Fire Chief Oaks' upcoming retirement. He noted the fire department is one of the Township's most visible and recognizable departments. Firefighters are some of the most highly respected and admired members of the community, they provide a critical community service. Fire Chief Oaks joined the fire department in 1975 and was appointed Chief in 1997. Supervisor Walls recognized the Chief's personal sacrifices in order to keep the community safe. He certainly is a dedicated man whose service to the fire department and community has earned the Boards' and community's respect and admiration.

The Board began the initial discussion for how it would like to proceed with the replacement process and to set certain criteria and guidelines. It was noted that time was tight and of the essence and the position would have to be advertised soon. The following are points from the Board's discussion:

- It was recommended the Board not only look within the department but to also advertise and encourage anyone who is currently serving another community who feels they are qualified and want to apply, to do so.
- It was the goal of the Board to make a decision no later than the regular May Board meeting or earlier. Treasurer Dubre commented, however, she would be attending the MMTA Institute during the May regular meeting and wants to part of the decision therefore a special meeting in May could be necessary.
- The Board wants to be ready to place an add the first week of March depending on periodical schedules.
- Supervisor Walls distributed a proposal from Ecto HR to assist him in putting together preliminary items for an advertisement.
- It was noted a critical element of anyone being considered is that they preferably have work experience in a department with volunteer paid per call staff.
- Board members asked that information from other members, sub-committee members, firefighters, and Ecto HR be sent to them on a regular basis so they have adequate time to review it.
- The Board is looking for feedback from Township firefighters. Clerk Moreau will put together a list of the Board's contact information and distribute that to the firefighters.

Minutes of **REGULAR MEETING**

-
- A special meeting was scheduled for March 5th at 7:30 pm for the purpose of further discussion regarding qualifications, required certifications, minimum standards, and preferred qualifications so as to put out the advertisement. Supervisor Walls and Clerk Moreau will work together on the agenda for that meeting.
 - It was decided to put together two sub-committees. One with Supervisor Walls and Trustee Cooper who will compile information from Ecto HR. The other would be Trustee Hopper and Trustee Hensler who will formally contact the fire chief and officers of the fire department for input.
 - It was made clear that it is not the intent of the Board to change the type of department from primarily paid per call or to reduce the number of full time firefighters.
 - Clerk Moreau asked that Board members respond to her with the qualities, qualifications, and preferences they are looking for in a fire chief and she will send that out to the other Board members.

Supervisor Walls stated the request for information and input from the firefighters is sincere, the Board is looking for help in setting the tone and the goal for the future of this fire department; the firefighters are the foundation upon which they will build the future of this department and the Board needs their help in moving forward.

It was decided not to discuss the report from Fire Chief Oaks regarding firefighter pay, benefits, training, retention, etc. until after a new fire chief has been hired and has had a chance to also review the report.

Ted Rhyndress, 9254 Foster Road, commented Springfield is a tight community where everybody knows each other, he would like to see if “some of our guys” within the department are qualified or get them qualified for the position, before opening it up to other communities; to try and keep that “family type” fire department. He has seen departments fall apart when someone from outside the community is brought in. He further commended the group of guys he works with.

4. Dixie Corridor Utility Study

Supervisor Walls commented the Board needs to revise the 2014 Budget. Since his memo dated February 4, 2014 was written, has gotten more current information from Carlisle Wortman and it appears the project budget will still be met.

Minutes of **REGULAR MEETING**
Held **FEBRUARY 13, 2014**

Township of Springfield

Laura Moreau, Clerk

There were not questions or comments from the Board regarding the update or the budget amendment.

- * **Trustee Hopper moved to increase the Dixie Corridor Utility Study project budget from \$26,000.00 to \$28,000.00; further to amend the 2014 General Fund Budget increasing the Consultant Cost Center, Dixie Corridor by \$13,000.00 from \$62,000.00 to \$75,000.00; decrease Fund Reserve Contingency from \$60,000.00 to \$55,000.00; no change in Revenue or total General Fund Expenses. Trustee Vallad supported the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau, Vallad, and Walls; No: None; Absent: None. The motion carried by a 7 to 0 vote.**

5. Bridge Lake Bluffs Resolution

Supervisor Walls explained the park area in Phase I of the community was intended to be private for the use of the lot owners only. When that phase was recorded, the Proprietors Statement had that area as private by striking out the stationary word “public” and replacing it with “private”. In Phase II, the park area was also intended to be private but when recorded, the word “public” had not been stricken so was therefore recorded as being public. The property owners have indicated their intent to start circuit court action to amend the plat so that error is corrected. A resolution has been prepared to indicate to the property owners they have Township support as they move forward. He added that as they go through the court process, Attorney Need may have to bring back a more formal resolution.

It was noted the officers for the Bridge Lake Bluffs community will be responsible for hiring their own attorney.

- * **Clerk Moreau moved to adopt Resolution 2014-03, the Resolution To Support Efforts Of Bridge Lake Bluffs To Correct The Park Designation From Public To Private as presented this evening. Trustee Cooper supported the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau, Vallad, and Walls; No: None; Absent: None. The motion carried by a 7 to 0 vote.**

John Hensler, 9349 Lake Ridge, commented from the audience that he is the president of the community and has hired an attorney who will be contacting Supervisor Walls; he thanked the Board for their support.

CHARTER TOWNSHIP OF SPRINGFIELD
RESOLUTION
2014-03

RESOLUTION TO SUPPORT EFFORTS OF BRIDGE LAKE BLUFFS
TO CORRECT THE PARK DESIGNATION FROM PUBLIC TO PRIVATE

At the regular meeting of the Township Board of the Charter Township of Springfield, County of Oakland, Michigan, held on the 13th day of February, at 7:30 p.m.

PRESENT: Cooper, Dubre, Hensler, Hopper, Moreau, Vallad and Walls

ABSENT: None

The following preamble and resolution were offered by Moreau and supported by Cooper.

WHEREAS, Bridge Lake Bluffs Subdivision was reviewed and approved by the Township in two phases from 1994 through July 1997 and;

WHEREAS, Bridge Lake Bluffs contains a large natural area shown as Park on each phase of the Plat and;

WHEREAS, the recorded plat for Bridge Lake Bluffs 1 located adjacent to the unmaintained portion of Bridge Lake Road shows the Park area as Private and;

WHEREAS, the access to the "Public" portion of the Park is from Bridge Lake Road which is then only accessible by traveling by foot through the "Private" portion of the Park and;

WHEREAS, the "Public" designation of the Phase 2 park area is not the intent of Springfield Township and an obvious error.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Springfield Township Board supports the efforts of Bridge Lake Bluffs to correct the Park designation from Public to Private consistent with the Phase 1 Park area.
2. The Springfield Township Board agrees with any efforts by Bridge Lake Bluffs property owners to correct or revise the Bridge Lake Bluffs 2 Park designation from Public to Private through Circuit Court action.
